Dates to Remember

April 19, 11 a.m. - 6 p.m.
Earth Day Music Fest & Expo, Downtown Conway at Riverfront Park

April 20
Happy Easter!

April 22
Earth Day

April 25
Arbor Day

April Hours
Mon. - Sun. 8 a.m. - 6 p.m.

Happy Spring! Make sure you have boat insurance and boat towing service before you get out on the water.

Osprey Marina Will Dearly Miss "Barnacle Jim"

Long time boat tenant, Jimmy Wilson, "Barnacle Jim," of slip B-12

passed away on March 22. He was 75 years old. Jimmy was a friendly and helpful person with a world of boating knowledge. He came to the marina almost everyday and on the rare occasion he did not show up, the Osprey Marina crew called to check on him. He will be greatly missed.

Free PDF Nautical Charts Now Available

After a three-month trial period, PDF versions of NOAA nautical charts will become a permanent product, free to the public. The free PDFs, which are digital images of traditional nautical charts, are especially valued by recreational boaters who use them to plan sailing routes and fishing trips.

The free PDF charts are part of a suite of new and enhanced navigational products designed to make NOAA's data more accessible to the general public.

"Up to date charts help boaters avoid groundings and other dangers to navigation, so our aim is to get charts into the hands of as many boaters as we can," said Rear Admiral Gerd Glang, director of NOAA's Office of Coast Survey. "Within about 90 days of the product's beta release, people had downloaded nearly 2.3 million charts. To us, that represents over two million opportunities to avoid an accident at sea."

To help boaters who aren't sure which chart they need, NOAA has launched a new interactive chart locator that allows people to select a chart from a map of the U.S. and choose their format. Whether downloading one of the new PDF nautical charts, selecting a chart to order from a "print-on-demand" vendor, or finding an electronic chart, the interactive catalog presents a highly integrated suite of navigation products.
